EMPLOYMENT 2000 – 2007

Clark Exploration Consulting	55 km of GPS layout & linecutting, Thunder Bay ON	May '10
	35 km of GPS layout & linecutting, Thunder Bay ON	Apr '10
	13 km of GPS layout & linecutting, Kenora ON	Mar '10
	50 km line cutting/rehab, Thunder Bay ON	Feb '08
Northern Shield Resources	30 km of GPS layout & linecutting, Albany R. ON	Mar '10
Rainy River Resources	55 km of GPS layout & linecutting, Emo ON	Feb '10
	50 km linecutting, Ft Francis ON	Nov – Dec '07
Confidential Clients	Heli drill pads, GREENLAND	June – July '09
	2 heli drill pads, Chetwynd BC	March '09
	28 heli drill pads, deconstruction, AB	July – Sept '08
	2 heli drill pads, BC	July '08
	12 heli drill pads, YK	June '08
	4 heli drill pads for geotechnical testing, Ft. Mac AB	May '08
	3 heli drill pads, Knights Inlet BC	May '08
	1 heli drill pad, Pr. George BC	May '08
	5 heli drill pads for geotechnical testing, Hinton AB	May '08
	Claim staking, YK	June '07
25 km linecutting, Atlin BC	May – June '07	
Heli drill pad construction, AB & BC	Feb '06 – present	
50 km linecutting contract, Sioux Lookout ON	May – June '04	
Barrick Gold Corp.	10 drill pad, camp deconstruction, demolition, reclamation, Iskut BC	July '08
BC Hydro	8 heli drill pads for geotechnical testing Strathcona Dam BC	Jan '08
Paget Resources	25 heli drill pads, Ball Creek	Summer '07
Wallbridge Mining	67 km linecutting, Sudbury ON	Mar – Apr '07
W.G.M.	25 km linecutting, Dryden ON	Feb '07
Halo Resources	35 km linecutting, Red Lake ON	Jan – Feb '07
Dahrouge Geological	50 km linecutting, camp purchase,	

mobilization,
Apr '06

construction, Athabasca Basin

Aguila Exploration	Seismic line preflagging, linecutting, slashing, chaining, Calgary AB	Nov '05 – Jan '06
Belcourt Saxon Coal Jv.	Contract: helipad location & construction, road & drill trail location, slashing & hand trenching, BC	June – Dec '05
W.G.M.	70 km contract GPS layout & linecutting, Sudbury Basin	Mar – Apr '05
Tim Young	Staking, Athabasca Basin	Oct '04
Dahrouge Geological	Staking, Athabasca Basin	Nov '04
Discovery Consultants	Line Cutting, Eskay Creek	Jul '04
Central Peace Contracting	Slashing for man for ~4,000 line km seismic program, Berwyn AB	Dec '03 – Mar '04
Wolf Survey & Mapping	Seismic GPS pack operator, RTK & static, preflagging, top production, Calgary AB	Feb '03 – Aug '03
Schlumberger-Western Geco	GPS-RTK seismic surveys, track crew, Mackenzie Delta NWT & Calgary AB	Winter '00 – '01
Yukon Engineering Services	Instrument man for geodetic control surveys, Whitehorse YK	Aug '00
Deltango Gold	Geological exploration technician, YK	July – Sept '98

INDUSTRIES 1980 – 1999

Excluding periods for travel & education, I have worked exclusively in the seismic, reforestation, mining exploration, & legal survey industries.

JOB DUTIES

Seismic; winter & summer programs, heli-portable & conventional. I have been head chainer, linedriver, jughound shooters helper, drillers helper, rodman, **GPS** rover, pre-flagger, slasher, linecutter. Undercanopy avoidance seismic. Slashing & linecutting supervision (Brydun Oilfield Services '92).

Mining exploration; includes rock, silts, & soils sampling. Navigation by **GPS**. Grid layout by **compass**. Trench blasting, diamond drill pad slashing, linecutting. Sampling data recording. Logistics. Deep soils sampling. Extremely remote worksites. Camp construction.

Reforestation; Includes tree planting, brushing with hipchain & compass (1/100th accuracy), silviculture contracting, render preparation, payroll & logistics. Camp construction.

spacing, slashing, cone collections, area traverses scarification, supervision of all aspects of

Legal surveying; legal oilfield, highways prelim, land claims & seismic. Pipeline locating & line cutting.

I have extensive experience in remote worksites across Western Canada, the Yukon & Ontario.

EDUCATION & COURSES

- 2006 Small Enterprise **COR** Orientation
- 2004 Chainsaw Safety Instructor Certification, Petroleum Industry Training School, Nisku AB
- 2001 GP Seismic Software Seminar, Calgary AB
- 2000 Introductory Arcview course, Yukon College
- 1999 Advanced Prospecting, Yukon Chamber of Mines
- 1993 Yukon Forestry Regeneration Surveyor Certification
- 1993 Alberta Forestry Regeneration Surveyor Certification
- 1989 University of Lethbridge, General Sciences (89 – 91)

SAFETY TICKETS

- Valid Class 5 Drivers License
- Standard First Aid Certificate
- H2S Alive, HAL-85419-527001
- WHMS
- Off Highway Defensive Driving, OHD-88878-536999
- Chainsaw Safety Training, CST-87220-527001
- Orientation on the construction of undercanopy seismic line
- Construction Safety Training System #434009
- Quad Safety #???
- Bear Awareness
- Chainsaw Safety Training Instructor Certification
- Firearms Possession Certificate

EQUIPMENT OPERATED

- Nodwell 110, Allison automatic or 5 spd manual
- Ardco 4x4 buggy
- Chainsaws & brushsaws, all popular types. Mechanically proficient.

LEADERSHIP QUALITIES

- Experience in project & crew supervision
- Goal-oriented

- Work well independently
- Insist on proper equipment & organization
